

Welcome to the Terascale Monte Carlo school 2014

DESY, March 10-14, 2014

Local organisers: Simon Plätzer, Stefan Prestel, Thomas Schörner-Sadenius, Jürgen Reuter

General information

Welcome to sunny Hamburg, and to the Terascale MC school 2014! Information on the school can be found under

<https://indico.desy.de/conferenceDisplay.py?ovw=True&confId=9326>

Please make sure to pick up your badges.

Timetable

You'll have

- ... lectures in the mornings,
- ... hands-on tutorials in the afternoon,
- ... night-caps, for all your questions, in the evenings.

Please check the indico page

<https://indico.desy.de/conferenceDisplay.py?ovw=True&confId=9326>

for more information.

... and yes, there will be coffee breaks.

Lunch / Dinner

Lunch will from 12:30-14:00 in the DESY cafeteria (Building 9).
The school dinner will be on Wednesday night in the Bistro. As for dinner the other nights, just ask!

Map

Tutorials and student presentations

Throughout the afternoons, you'll get hands-on experience with some Monte Carlo Event generators. The tutorials cover modern methods for Higgs phenomenology.

On Friday morning, you will have the opportunity to present some of your findings.

Now let's start the show!

And a big thanks to Michaela Clayton for the help!
