INTERNATIONAL RESEARCH PROGRAM: THE PARTICLE PHYSICS AND COSMOLOGY OF SUPERSYMMETRY AND STRING THEORY

March 30 - April 1, 2015 DESY, Hamburg

The program on "The Particle Physics and Cosmology of Supersymmetry and String Theory" is an international, interdisciplinary research project jointly supported by the NSF (US), DFG (Germany), and EPSRC (UK).

• A. Ashmore (London)

- P. Berglund (Durham)
- A. Braun (Oxford)
- E. Dudas (Paris)
- A. Eichhorn (London)
- I. Garcia-Etxebarria (Munich)

Organization by: Jan Louis (Universität Hamburg) Alexander Westphal (DESY)

- A. Hebecker (Heidelberg)
- R. Isermann (Munich)
- N. Kaloper (UC Davis)
- J. Koehn (Penn)
- S. Massai (Munich)
- P. McFadden (London)

• B. Ovrut (Penn)

The online registration form and further information can be found at the following

The deadline for the registration is **Friday**,

https://indico.desy.de//event/cosmoConf15

The fifth meeting of this International Program will be held March 30 - April 1, 2015 at DESY in Hamburg. The workshop is entitled "The Particle Physics and Cosmology of Supersymmetry and String Theory" and will bring together a small, focused group of string theorists and cosmologists in an informal setting to discuss recent developments in their respective fields and stimulate ideas

- M. Rummel (Oxford)
- T. Weigand (Heidelberg)
- T. Wrase (Vienna)
- M. Zagermann (Hannover)

Sponsored by: SFB 676 "Particles, Strings and the Early Universe"

for new research directions.

March 20th 2015.

Speakers include:
