## CREMLIN Closing Conference

Tuesday, 5 June 2018

DESY

Notkestrasse 85, 22607 Hamburg

FLASH Seminar room; DESY building 28c

---

### About:

The three-year CREMLIN project will come to end in August 2018. This CREMLIN Closing Conference will provide a platform for the project community to point out the project major achievements to a broader audience, and to promote the key recommendations for the future continuation of the European-Russian collaboration in megascience after CREMLIN.

The conference will bring together an audience of European and Russian experts and stakeholders from science and technology, innovation and research policy.

This event is organized within CREMLIN, WP8 "Communication and dissemination; innovation; education & training", with DESY and NRC KI as Lead partners.
