

XXXVIII International Symposium on Multiparticle Dynamics ISMD 2008

15-20 September 2008, DESY

© 2008 DESY, Hamburg, Germany

Topics				
Dilute Systems <ul style="list-style-type: none"> • High Q2 • Structure Fcts • Central Prod. 	High density systems <ul style="list-style-type: none"> • Saturation • Hydrodynamics • CGC • Perfect fluids 	Interpolation region <ul style="list-style-type: none"> • Forward production at highest energies • Diffraction • Glasma 	Strategies and analysis tools <ul style="list-style-type: none"> • Correlations • Heavy Q production • MC techniques 	New physics <ul style="list-style-type: none"> • Signals for Higgs, SUSY etc.

International Advisory Committee:

- A. Bialas (Cracow)
- T. Csörgö (Budapest)
- I. Dremin (Moscow)
- K. Fialkowski (Cracow)
- W. Gary (Riverside)
- R. Godbole (Bangalore)
- T. Hallman (Upton)
- Y. Hama (Sao Paulo)
- W. Kittel (Nijmegen)
- T. Kodama (Rio de Janeiro)
- V. Kuvshinov (Minsk)
- L. Liu (Wuhan)
- L. McLerran (BNL)
- N. Schmitz (Munich)
- A. Valkarova (Prague)
- E. de Wolf (Antwerp)
- N. Xu (LBNL)

Local Organizers:

- J. Bartels, UNI Hamburg
- K. Borras, DESY
- G. Gustafson, UNI Lund/UNI Hamburg (co-chair)
- H. Jung, DESY (co-chair)
- K. Kutak, DESY
- S. Levonian, DESY
- J. Mnich, DESY

Closing remarks

- All plenary sessions are web-casted and will be available next week on the agenda page !
 - available in real player format and also as mp4

Proceedings

- printed (DESY-PROC series) and available online (open access)
- proceedings style file available from web page
- page limit:
 - all talks: 5 pages
 - summary and intro lectures: 20 pages
- deadline: 15 Nov 2008
 - this is a serious deadline....
 - Proceedings will be published still in 2008

Thanks

- Many thanks for coming

Thanks

- Many thanks for coming
- Many thanks to all the conveners of the different sessions:
- Dilute systems:
 - A. Cooper-Sarkar, A. Kulesza, K. Hatakeyama
- High density systems in ep, pp and heavy ions:
 - D. d'Enterria, T.Csorgo, E.Iancu
- Interpolation region:
 - M. Grothe, M Albrow, K. Werner
- Strategies and analysis methods:
 - E.DeWolf, A.Geiser, M.Sjodahl
- New physics:
 - G. Weiglein, A. DeRoeck

Thanks

- Many thanks to L. McLerran and H. Meyer for the introductory lectures
- Many thanks to all speakers in the plenary and parallel sessions
 - ... and even in the evenings....
- Many many thanks to the summary speakers
P. van Mechelen and Y. Kovchegov
- Many thanks to N.Grebenyuk, L.Marti, R. Samson, T. Toll
- Many thanks to the committee of former ISMD organisers
(elders committee) for encouraging support

Thanks

- Many thanks to those doing all the work (in the background)
 - R. Eisberg, O. Knak for recording and video
 - S. Koenig for video and sound
 - H. Lehmann and crew for PCs, PC cluster
 - S. Lehmann, O. Bührig for WLAN
 - H. Hummerjohann and crew for the Hostel
 - S. Killough, N. Kosian, B. Krempl from International Office
 - B. Liebaug for posters
 - M. Mayer for posters, folder, fotos
 - K. Bielfeld, G. Fellbaum, R. Lami, W. Parys for technical help
 - Canteen staff for support during the breaks
- Many thanks to DESY, DFG and SFB for support

Thanks

- Many thanks to my co-organisers:

J. Bartels, K. Borrás, G. Gustafson, K. Kutak, S. Levonian, J. Mnich

- Many, many thanks to:

Alla Grobowsky, Sabine Platz, Liliya Seskute

Have a good and
safe trip back home

See you all again ...
next year at ISMD09
